Dear John,

On behalf of the MFTA, I would like to express our thanks for the hard work and dedication that went into hosting the opening two rounds of the MFTA Winter League this season. You really helped us get our season off to a fantastic start.

Both courses were exceptional and a credit to the Castle Team. The well designed line of fire and positioning of the targets made the most the natural terrain, especially in the new part of the extended woodland which was a joy to shoot.

The feedback I've received has been extremely positive, both from the course point of view and the organisation and professionalism of the club itself. I would greatly appreciate it if you could extend this message of appreciation to the rest of the Castle team and club members.

Kind regards,

Chris Large
